## QUICK RESULTS.

The most pleasing thing about Athlo-phoro is the quickness of its results. It is a common occurrence for sufferers from Rheumatism, Neuralgia, Lumbago and Sciatica to write that the first few doses or the first half of the bottle, or the first bottle, produced an immediate and marvelous lessening of the symptoms. Often the worst symptoms disappear in a very quick time. The human race is extremely practical, and demands results immediately. Athlo-phoro answers this test. Why don't you try it? At least send for our free Treatise.  
Eureka, Kan., March 16, 1898.  
Gentlemen: In recommendation of Athlo-phoro-ro will say that I had Rheumatism real bad. I purchased one bottle and did not take but half of it and my Rheumatism was all gone, and have not felt it for seven years until this winter. I got another bottle and it helped me immediately.  
Yours respectfully,  
EDWIN CASE.

## OBITUARY.

Theodore C. Johnston was born March 17, 1845, at Warren, Warren Co., Pa.; moved from Warren to Rome, Richland Co., O., May 1845, and from there to Greenwich, April, 1851, and from there to Rochester in 1860, and died at Rochester, May 3, 1899.  
She was married to William Callin, August 9, 1868. There was born of this union one daughter, who with her husband and aged mother, five brothers and three sisters are left to mourn her loss and truly her loss is great.

She was a kind neighbor, a faithful wife, a devoted mother and a dear sister. She was of a bright and cheery disposition, always dispensing words of kindness and love to everyone whom she met on life's pathway. Truly she has not lived in vain, as all will affirm who knew her and felt her influence.  
In 1870 she experienced religion and later joined the Baptist church of this place. She was always a faithful member. Her quiet Christian faith was at all times a witness of the Master's love, and in her death when crossing the river, every breath was but a stroke of the oar which brought her nearer and nearer to the Haven of Rest. She, with a blessed assurance, quietly fell asleep in Jesus to awaken at Home, Blessed Home and rest.

Her funeral was held Friday at the Baptist church, conducted by Rev. McConnell, interment taking place in the cemetery north of town.  
Her illness has lasted over a year and was patiently borne, and her death was due to a complication of diseases for which there was no help.  
The husband, daughter and other relatives have the sympathy of many friends here whose hearts go out to them in their great grief.

But mother has only gone on before; she has crossed to the ecobates shore, no more her dear face will they see. A loved voice is hushed in the home, but mother, with face all beaming and shining with radiant light, will be waiting and watching to welcome them home.

## CARD OF THANKS.

We wish to express our thanks to our friends and neighbors who so kindly rendered their aid and assistance during the sickness and death of our dear beloved wife and mother. Also to the singers and ladies of the L. O. T. M. for their beautiful flowers.

## Whooping Cough.

I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of this remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house.—J. L. Moore, South Burgettstown, Pa. For sale by Near & Wells.

Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, corns, bruises and burns, for which it is unequalled.
